

Company Description:

Vacuum Research Corporation has been designing and manufacturing vacuum components for more than 50 years.

Vacuum Valves:

Throttle Valves up to 20 inch ANSI or ISO-500.

Gate valves up to 32 in.

Aluminum, Stainless or Mild Steel. Air or Motor actuators.

Vacuum gauges:

Pirani and Diaphragm gauges from 10^{-5} Torr to atmosphere.

Rotary Vane Pumps:

Available in sizes from 3 to 28 CFM, 100 to 800 l/m

Ultimate pressure of 10^{-4} Torr

2-year warranty
